## Call Me Playgun- 2002 Gray Stallion

*Freckles Playboy*

*Playgun*

*Miss Silver Pistol*

*Doc O'lena*

*Call Me Collette*

*Call Me Marla (x Leon Bars)*

This is an awesome little horse! He has been plagued by a recurring injury that's prevented a show career to date, but he has exceptional talent and an incredible mind. When you add those qualities to a pedigree that includes Playgun (LTE \$170K, offspring earnings over \$4Million- in numerous events), Freckles Playboy (Offspring earnings of \$24Million), Miss Silver Pistol (LTE \$500K), Doc O'lena (Offspring earnings \$14Million+), and Call Me Marla (Offspring and grand-get with earnings of over \$480,000) you get a sire that can put any kind of performer you're breeding for on the ground.
